### Notes:
1. Class co-requisites have an asterisk (*) after it. These classes can be taken prior to or at the same time.
2. CHEM 1211K can substitute for CHEM 1310. CHEM 1211K & 1212K are recommended for pre-health students.
3. Technical Electives are any 3000 level courses or above from the Colleges of Engineering, Science or Computing that do not duplicate any other class used for the BSNRE degree. See back for more information.
4. Economics: Students can receive credit for only one of ECON 2100, ECON 2101, ECON 2105 & ECON 2106. The only exception is that students can receive 6 hours credit for both ECON 2105 and ECON 2106.
5. Overlay Areas: Global Perspective and Ethics must both be taken as parts of the curriculum.
6. NRE students do not take ME 2202, so NRE 3301 or NRE 2110 will satisfy the pre-req for registration.
Undergraduate Curriculum Sheet Explained

Understanding the Curriculum Guide

GPA & Grade Requirements

1. All classes taken for the BSNRE degree must be taken LETTER GRADE. This includes all electives.

2. Overall GPA:
   - Must be 2.00 or above (truncated) at graduation.

3. Required Grades:
   - Minimum grade of a D or better is required for each class except as noted.
   - C or better is required for MATH 1501, MATH 1502, MATH 2401, MATH 2403 and ISYE/MATH 3770

4. Major GPA:
   - Classes used to calculate the major GPA are all NRE classes.
   - Must be 2.00 or above (truncated) at graduation.

Technical Electives

1. Technical Electives may be selected from any course offered in the College of Engineering, Science or Computing at the 3000 level or above, excluding Psychology (PSYC) and Applied Physiology (APPH).

2. Technical electives cannot overlap any other course which you intend to use for your BSNRE.

3. Students with a 3.2 GPA or above may use graduate level NRE classes as Technical Electives.

4. Research: Students may use 4 hours maximum of 4699 or 4903 for technical elective credit. Research does not have to be NRE specific research; it can be from the colleges of engineering, science or computing.

Humanities, Social Science and Overlay Requirements (Ethics & Global Perspective)

1. Humanities Electives: A current list is at [http://www.catalog.gatech.edu/students/ugrad/core/corec.php](http://www.catalog.gatech.edu/students/ugrad/core/corec.php)

3. Ethics Overlay: Ethics must be one of PHIL 3105, PHIL 3109, PHIL 3127, PHIL 4176, HTS 2084 or INTA 2030.

   Ethics can be used for a humanities elective or a social science elective as long as it meets the respective requirements.

   Humanities Versions of Ethics: PHIL 3105, PHIL 3109, PHIL 3127 or PHIL 4176

   Social Science Versions of Ethics: HTS 2084 or INTA 2030
